

BettaCow

Bettacow Dairy Blends

Fuel your herd with the right feed

Give your herd all they need to perform at their peak with Bettacow Dairy Blends from Viterra. More than just Palm Kernel Extract, Bettacow Blends are packed with extra nutrition, vitamins and minerals, to give your cows the sustenance and boost they need.

Available in three options – Bettacow Basic, Peak and Summer – our quality range of feeds are a cost-effective way to boost performance and add value to your herd.

Bettacow Basic

- Designed as a general supplementary feed for both dry and lactating cows
- Can be fed in conjunction with pasture
- Feed at the rate of 1.5-2.5 kg/cow/day

Drymatter %	M.E MJ	Protein	Starch	NDF	Calcium
90	12.4	15	13	55	0.3

Bettacow Peak

- Designed to be fed from calving until mid/late lactation
- Optimises pasture protein utilisation and rumen fermentation through ProForm production performance module, rumen buffers and bypass fats
- Feed at a rate of 4 kg/cow/day

Drymatter %	M.E MJ	Protein	Starch	NDF	Calcium
90	12.8	14	16	50	1.0

Bettacow Summer

- Designed to be fed during periods of drier, stalkier grass – often over summer
- Feed in conjunction with pasture at 4 kg/cow/day

Drymatter %	M.E MJ	Protein	Starch	NDF	Calcium
90	11.7	18	13	45	1.5

Choose Bettacow for the health and performance of your herd.
